During cable deployment, trenching & burial both the vessels will be restricted in their ability to manoeuvre.

The Seaway Aimery will carry out cable laying activities, and be supported by the Seaway Moxie & Windea Clausius, which will both undertake equipment and personnel transfers to WTGs and the OFCS via a Walk-to-Work (W2W) gangway system. While conducting these transfers, the Seaway Moxie & Windea Clausius will also be restricted in manoeuvrability.
