#### MARINE ACTIVITIES

#### **1.1.** Summary:

Mariners are advised that circa the 17/10/2025, the SSCV Sleipnir, will install the East Anglia THREE Offshore Converter Station (OFCS) Topside within the East Anglia THREE Offshore Windfarm area set out in section 2 of this document.

During the Installation period, vessels are requested to keep a 2000m safety distance at all times from the SSCV Sleipnir and Supporting vessels.

#### **1.2.** Activity Description:

The offshore installation vessel, SSCV Sleipnir, will install the Offshore Converter Station (OFCS) Topside within the East Anglia THREE Offshore Windfarm area.

During operations, the SSCV Sleipnir will be restricted in its ability to manoeuvre as defined under COLREGs (International Regulations for Preventing Collisions at Sea 1972) and will display the appropriate day shapes and lights. The vessel will also transmit an Automatic Identification System (AIS) message.

A Statutory Safety zone of 500m radius will be in place around the SSCV Sleipnir during installation of the East Anglia THREE Offshore Converter Station (OFCS) Topside. The Anchor Handling Tug Bylgia will predeploy anchors in an area within an approximate radius of 2km from the OFCS installation location.

Tug Pacific Discovery will tow an unmanned cargo barge H-541, carrying the OFCS Topside. The Anchor Handling Tug Bylgia will be used as an anchor handler to connect Pacific Discovery to a pre - laid anchor. The Pacific Discovery and Bylgia will transmit vessel status via Automatic Identification System (AIS).

The safety zones will be monitored by GV Tess, the primary responsibility of the guard vessel is to warn passing traffic of the ongoing works and active safety zones.

#### **1.3.** Program Schedule:

All vessels will monitor VHF Channel 16 and VHF DSC Channel 70 continuously throughout the operation. It is currently anticipated that weather permitting, works will be carried out on a continuous basis (i.e.,24- hour working, seven days a week) unless notified otherwise.

Works are scheduled to commence circa 17/10/2025. The progress of installation works, and completion will be notified via East Anglia THREE Weekly Notice Of Operations.

Completion of works will be notified by future Notice to Mariners.

## 3. PROJECT CONTACT DETAILS

The following contact can provide relevant information if required. Please note that any specific queries can be addressed to the relevant shore-based representatives.

#### **3.1.** Site Management:

	Marine Coordinator
Name	EA3 MCC
Contact Telephone Number	+44 (0) 1416144821
Email Address	ea3_mcc@scottishpower.com
Address	Herring Market, Battery Green Road, Lowestoft, Suffolk, NR32 1BZ

	Offshore Installation Manager
Name	EA3 OIM
Contact Telephone Number	+44 (0) 7960 608 666
Email Address	ea3_oim@scottishpower.com
Address	Herring Market, Battery Green Road, Lowestoft, Suffolk, NR321BZ

## **3.2.** Emergency Contact:

Emergency Contact	
Name	EA3 MCC
Contact Telephone Number	Emergency Tel +44 (0) 141 6144822
Email Address	ea3_mcc@scottishpower.com
Address	Herring Market, Battery Green Road, Lowestoft, Suffolk, NR321BZ

#### **3.3.** Marine Management

	Marine Management
Name	Anthony Milligan
Contact Telephone Number	Tel +44 (0) 7760 880723
Email Address	amilligan@scottishpower.com
Address	Scottish Power HQ 320 St Vincent Street, Glasgow, G25AD
Scope of Work	OFCS Topside Installation.
