1. MARINE ACTIVITIES

1.1. Summary:

Mariners are advised that circa the 12/01/2026 cable-laying activities will be carried out by CLV Seaway Aimery within the East Anglia THREE Offshore Windfarm, the vessel will be laying inter-array cables between WTGs and the East Anglia THREE Offshore converter station (OFCS).

The Seaway Aimery will be supported by the Seaway Moxie, which will deploy equipment and personnel to WTGs and the OFCs via W2W gangway.

During Cable laying operations, all vessels are requested to keep a 500m safety distance from the Seaway Aimery & Seaway Moxie.

1.2. Activity Description:

Cable-laying operations will be conducted within the East Anglia THREE Offshore Windfarm by CLV Seaway Aimery. The vessel will install subsea cables between WTGs and the Offshore Converter Station (OFCS). During cable deployment, the vessel will be restricted in its ability to manoeuvre.

The Seaway Aimery will carry out cable laying activities, and be supported by the Seaway Moxie, which will undertake equipment and personnel transfers to WTGs and the OFCS via a Walk-to-Work (W2W) gangway system. While conducting these transfers, the Seaway Moxie will also be severely restricted in manoeuvrability.

1.3. Program Schedule:

Seaway Aimery and **Seaway Moxie** are expected to mobilise from the port of 'Eemshaven' circa the 05/01/2026.

During the cable laying operations, the '**Seaway Aimery**' will have restricted manoeuvrability as defined under COLREGS (International Regulations for Preventing Collisions at Sea 1972.) They will display the appropriate day shapes and lights and will transmit an Automatic Identification Systems (AIS) message.

Both vessels will monitor VHF Channel 16 and VHF DSC Channel 70 continuously throughout the operation. It is currently anticipated that weather permitting, works will be carried out on a continuous basis (i.e., 24-hour working, seven days a week) unless notified otherwise.

Completion of works will be notified by closure of this notice to mariners, weekly updates of vessel movements will be notified via EA3 weekly notice of operations.
