
JONATHAN COLE

Director, ScottishPower Renewable Energy Limited

Member of the Executive Team of ScottishPower Renewables and Managing Director of Global Offshore Business.

British citizen. Born in Glasgow, in 1977.

Jonathan completed the Bachelor of Laws (Hons) at the University of Strathclyde, Glasgow in 1998 and thereafter completed the Postgraduate Diploma in Legal Practice in 1999. He was admitted to the Law Society of Scotland in 2000 and to the Law Society of England and Wales in 2003.

NOTEWORTHY EXPERIENCE FOR THE HOLDING OF HIS POSITIONS AT SCOTTISHPOWER RENEWABLES:

He has acted as Offshore Managing Director of Iberdrola Renovables since 2011. Jonathan is responsible for the management of Iberdrola's Global Offshore Business, including development, construction and operation of projects in the UK, Germany and France and the development of project pipeline in other areas.

Jonathan sits as a Board member of a number of industry bodies related to offshore wind, including the Offshore Wind Programme Board, the G9 Health & Safety Board and the Offshore Renewable Energy Catapult Industry Advisory Board (as Chairman).

Jonathan started his professional career at ScottishPower Renewables in 2008, where he previously held the positions of UK Legal Director and Commercial Director.

Prior to joining ScottishPower Renewables, Jonathan was part of Pinsent Masons' Energy Group where he advised developers, contractors, consultants and funders on numerous energy projects in the UK and internationally, including Offshore and Onshore Wind, Marine Energy, Biomass and CCGT.
