Technical Appendix 11.3: Assets within Outer Study Area and between 5km and 10km of the proposed Development

Asset Ref	Asset Name	Asset Type	Status	Setting	No of tips visible (ZTV)	No of hubs visible (ZTV)	distance to nearest turbine (km)	Magnitude of Impact	Significance of Effect	VP Figure (where Applicable)
SM1041	Sheuchan's Cairn, chambered cairn, Highlandman's Rig	Prehistoric ritual and funerary: chambered cairn	Scheduled Monument	Occupies north east end of low ridge on Highlandman's Rig. Stands in small clearing within commercial forestry. Open all round visibility currently obstructed by closely surrounding forestry.	18	18	5.05	Low (turbines visible in views to north in context of commercial forestry and operational Mark Hill Wind farm)	Minor	Fig 11.6
SM1030	King's Cairn, chambered cairn 450 m NE of Kirriemore	Prehistoric ritual and funerary: chambered cairn	Scheduled Monument	Occupies small clearing on gently sloping south facing ground in commercial forestry setting. Overlooking and close to Kirkennan Burn to south. Surrounded by commercial forestry.	18	18	5.95	Low (open aspect view to south unaffected; turbines visible in views to west and in backdrop to views of cairn but screened by forestry and seen in context of commercial forestry)	Minor	Fig 11.8
SM1007	Cairnderry, chambered cairn	Prehistoric ritual and funerary: cairn (type uncertain)	Scheduled Monument	Moorland location in largely commercial forestry setting close to Goat Burn (a tributary of the River Cree to the southwest). Stands adjacent to forestry haul road and close to A714 Barrhill to Bargrennan road.	18	18	8.09	Low (association with Goat Burn unaffected; turbines visible in views to north and in backdrop to views of cairn but partially screened by forestry and seen in context of commercial forestry; upgraded access track alongside replacing existing forestry haul road; proximity of temporary construction compound)	Moderate (temporary due to proximity of construction compound and new access road)	Fig 11.4
SM1008	Cairn Kinna, two cairns 960 m ESE of Corrafeckloch	Prehistoric ritual and funerary: cairn (type uncertain)	Scheduled Monument	Occupies small clearing on gently sloping southwest facing ground in commercial forestry setting. Overlooking and close to unnamed tributary of Cairnderry Burn to south west. Lies adjacent to forestry haul roads junction and closely surrounded by commercial forestry.	11	9	8.34	Negligible (distant visibility of turbines largely screened by topography; turbines seen in context of commercial forestry and Mark Hill Wind Farm)	Minor	Fig 11.7
SM2202	Dinvin, motte	Secular: motte	Scheduled Monument	Occupies a shelf on the lower slopes at the south end of Laggan Hill. Main views to southeast over Water of Assel valley and southwards	16	13	8.49	Negligible (distant visibility of turbines; turbines seen in context of commercial forestry)	Minor

				towards confluence with River Stinchar.				and Mark Hill Wind Farm)		
SM4815	Corrafeckloch, hut circle and field system 1150 m SE of	Prehistoric domestic and defensive: hut circle, roundhouse	Scheduled Monument	Localised setting (prehistoric domestic settlement)	13	11	8.72	Negligible (localised setting; views out from asset not an important contributor to cultural significance)	Minor	
SM2201	Maxwellston Hill, fort	Prehistoric domestic and defensive: fort (includes hill and promontory fort)	Scheduled Monument	Prominent hilltop location, at west end of ridge and overlooking Penwhapple reservoir to the south. Open aspect westerly view to coast at Girvan. Hadyard Hill Wind Farm prominent in views to south (830 m) from fort.	18	13	9.72	Negligible (distant visibility of turbines; turbines seen in context of an in view beyond Hadyard Hill Wind Farm)	Minor	
11546	Knockmalloch	Enclosure	NSR Site	Localised setting (prehistoric domestic settlement)	2	0	5.08	Negligible (localised setting; visibility of turbines almost entirely screened by topography; views out from asset not an important contributor to cultural significance)	Minor	
11527	Laggan	Cairn	NSR Site	Set on low knoll in small clearing within commercial forestry and close to unnamed tributary of Feoch Burn. Open aspect to south west, along the watercourse, with rising ground to east/north east limiting view in that direction.	18	18	5.09	Low (open aspect view unaffected; turbines visible in views to north and in backdrop to views of cairn but screened by forestry and seen in context of commercial forestry and operational Mark Hill Wind Farm)	Minor	
11632	Auchensoul Hill	Cairn (possible)	NSR Site	Prominent hilltop setting with views all round	15	12	5.52	Low (turbines visible on and beyond skyline in views to south, beyond the River Strinchar valley; views along the valley (to north east and south west) unaffected; turbines seen in context of commercial forestry	Minor	Fig 6.33 (LVIA VP7)
