East Anglia ONE North Offshore Windfarm

Appendix 26.7

Preliminary Construction Programme

Preliminary Environmental Information

Volume 3

EA1N-DEVWF-ENV-REP-IBR-000295_007

Onshore cable route section 3

Activity	Months																																						
	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30	31	32	33	34	35	36			
Establish construction consolidation site compound and site accesses	█	█	█	█																																			
Mobilisation of Welfare and Operation Plant to CCS	█	█	█	█																																			
Site preparation including fencing, temporary drainage and haul road construction.	█	█	█	█																																			
Onshore Export Cable Installation Section 3A and 3B					█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	
Trench Route Clearance / Topsoil Strip					█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	
Trench Excavation					█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	
Duct Installation					█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	
Trench Backfill					█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	
Jointing Bay Excavation																																							
Jointing Bay Base Constriction																																							
Pulling and connection of cables																																							
Jointing Bay Walls and Roof																																							
Backfill over Jointing Bays																																							
Trench Route Reinstatement / Topsoil Reinstatement																																							
Short Length Onshore HDD crossing of Obstacle 3.2 and 3.3																																							
Establish Onshore HDD Entry Pit and Exit Pit compound																																							
Mobilisation of HDD Kit and Welfare to Onshore entry pit and exit pit compounds																																							
HDD Drilling works & Ducting (assume working 24/7 7 days a week)																																							
Demobilisation of HDD kit and welfare																																							
Removal of Onshore HDD Entry Pit and Exit Pit Compounds																																							
Short Length Onshore HDD crossing of Obstacle 3.5																																							
Establish Onshore HDD Entry Pit and Exit Pit compound																																							
Mobilisation of HDD Kit and Welfare to Onshore entry pit and exit pit compounds																																							
HDD Drilling works & Ducting (assume working 24/7 7 days a week)																																							
Demobilisation of HDD kit and welfare																																							
Removal of Onshore HDD Entry Pit and Exit Pit Compounds																																							
Short Length Onshore HDD crossing of Obstacle 3.6																																							
Establish Onshore HDD Entry Pit and Exit Pit compound																																							
Mobilisation of HDD Kit and Welfare to Onshore entry pit and exit pit compounds																																							
HDD Drilling works & Ducting (assume working 24/7 7 days a week)																																							
Demobilisation of HDD kit and welfare																																							
Removal of Onshore HDD Entry Pit and Exit Pit Compounds																																							
Movement of fence line to minimum extents																																							
Haul Road Removal (includes removal of fencing) and reinstatement																																							
Demobilisation of Welfare from CCS																																							
Construction consolidation site and access road Removal																																							

Onshore cable route section 4

Activity	Months																																							
	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30	31	32	33	34	35	36				
Establish construction consolidation site compound and site accesses	█	█	█	█																																				
Mobilisation of Welfare and Operation Plant to CCS	█	█	█	█																																				
Site preparation including fencing, temporary drainage and haul road construction.	█	█	█	█																																				
Construction of access roads for National Grid Over Head Line Works																																								
Onshore Export Cable Installation Section 4A and 4B					█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	
Trench Route Clearance / Topsoil Strip					█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	
Trench Excavation					█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	
Duct Installation					█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	
Trench Backfill					█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	█	
Jointing Bay Excavation																																								
Jointing Bay Base Constriction																																								
Pulling and connection of cables																																								
Jointing Bay Walls and Roof																																								
Backfill over Jointing Bays																																								
Trench Route Reinstatement / Topsoil Reinstatement																																								
Short Length Onshore HDD crossing of Obstacle 3.6																																								
Establish Onshore HDD Entry Pit compound																																								
Mobilisation of HDD Kit and Welfare to Onshore entry pit and exit pit compounds																																								
HDD Drilling works & Ducting (assume working 24/7 7 days a week)																																								
Demobilisation of HDD kit and welfare																																								
Removal of Onshore HDD Entry Pit Compounds																																								
Movement of fence line to minimum extents																																								
Haul Road Removal (includes removal of fencing) and reinstatement																																								
Removal of access road for National Grid Overhead Line Works																																								
Demobilisation of Welfare from CCS																																								
Construction consolidation site and access road Removal
