

**Typical Main Construction Compound Layout**

Hardstanding to compound consisting of compacted stone over a layer of geotextile to provide a clean, firm, level and free draining surface suitable for cabins / heavy traffic.

**NOTES**

1. This drawing is the property of ScottishPower Renewables UK Ltd. It is a confidential document and must not be copied, used, or its contents divulged without prior written consent.
2. DO NOT SCALE FROM DRAWING.
3. The exact layout is subject to change to be determined by the Principal Contractor and would be arranged to be accommodated within the extents of the available compound area.
