

East Anglia THREE

Could power over
1 million*
homes

100 - 120
Wind turbines

305 km²
Windfarm area

up to
1400
Megawatts

69 km from the shore

324m Eiffel Tower

247m East Anglia
THREE wind turbines

96 m Big Ben

96 m Norwich
Cathedral

*1400 MW installed capacity x 0.367 «offshore wind» load factor x 8760 hours / 3900 kWh annual consumption = 1,154,073 homes powered equivalent
