<sup>1</sup> Heritage assets shown in bold font are those with wider ranging settings and are labelled on **Figure 11.2**. Highlighted cells are for heritage assets within the Site.

<sup>2</sup> Heritage assets are ordered by their designation status first and then by their distance from the nearest turbine.

<sup>3</sup> Tip visibility is based on analysis of the blade tip height ZTV and may differ from that shown on the visualisations.

<sup>4</sup> Hub visibility is based on analysis of the blade tip height ZTV and may differ from that shown on the visualisations.
