

East Anglia One

NOTICE TO MARINERS

No. 130/2018

East Anglia One Limited

East Anglia One HDD Works

Notice is hereby given that ABCO Marine Ltd, (Operating on behalf of VolkerInfra/East Anglia One Windfarm Ltd.) will commence the below activities in relation to the EA1 windfarm project.

1. Arrange for a duct to be transferred from the temporary mooring position on the River Stour to the Jack Up Barge (JUB) at the Worksite adjacent to Bawdsey prior to pull back operation.

Duct Details;

- 1x 630mm PE Ducts SRD11 approx. Length 1000m
2. Lift pull back assembly onto the side of a JUB to enable a connection to be made to the PE duct. Guide the PE duct during pullback.

The following planning applies – **dates are subject to movement due to weather or other considerations;**

- 1.) Planned operations period for transfer of Duct from River Stour to Worksite adjacent to Bawdsey. 2 day operations complete. Works to be carried out within a period from 27/11/18 to 31/01/2019

The works comprise of the following locations.

- Within the Construction Corridor at Works/Pull in Site.
- Navigation Channel & the Port of Harwich and Felixstowe (between vessel mooring location and construction corridor during transit to/from worksite).

Overview of work locations

**Transit route from Temporary Mooring Location on the River Stour to Worksite near Bawdsey
(for info only- subject to amendment by vessel Master)**
