

Arecleoch Windfarm Extension

Volume 4b: Technical Appendices

June 2019

Technical Appendices

TA 10.1 Peat Landslide Hazard Risk Assessment

- Figure 10.1.1 Proposed Site Context
- Figure 10.1.2 Superficial Geology
- Figure 10.1.3 Solid Geology
- Figure 10.1.4 Peat Depth Plan
- Figure 10.1.5 Peat Depth Plan>0.5m
- Figure 10.1.6 Slope Plan
- Figure 10.1.7 Peat Slide Risk Plan
- Figure 10.1.8 Aerial Plan with Geomorphological Interpretation
- Annex A Peat Risk Data

TA 10.2 Peat Management Plan

- Figure 10.2.1 Locality Plan
- Figure 10.2.2 Peat Depth
- Figure 10.2.3 Peat Depth>0.5m
- Annex A Excavated Materials Calculations

TA 10.3 Private Water Supply Risk Assessment

TA 10.4 Schedule of Watercourse Crossing

TA 10.5 Borrow Pit Report

- Figure 10.5.1 Proposed Site Layout
- Figure 10.5.2 Superficial Geology
- Figure 10.5.3 Solid Geology
- Figure 10.5.4 Peat Depth Plan
- Figure 10.5.5 Peat Depth Plan>0.5m
- Figure 10.5.6 Slope Plan
- Figure 10.5.7 Peat Slide Risk Plan
- Figure 10.5.8 Aerial Plan with Geomorphological Interpretation
- Figure 10.5.9 Proposed Borrow Pit Locations (BP1-BP-6)
- Annex A Borrow Pit Summary – Excavated Material

TA 10.6 Phase 1 Peat Depth Survey and Information to Inform Assessment of Blanket Mire Condition

- Figure 10.6-1 Phase 1 Site Location, Sampling Locations and Carbon/Peatland Class
- Figure 10.6-2 Phase 1 Peat Depth Sample Locations
- Figure 10.6-3 Phase 1 Interpolated Peat Depth
- Figure 10.6-4 Interpolated Peat Depth Mire and Non-Mire Habitats
- Figure 10.6-5 Planted/Felled and Unplanted Habitat

- Figure 10.6-6 Sphagnum spp. Abundance and Distribution
- Figure 10.6-7 Sphagnum papillosum Presence and Distribution
- Figure 10.6-8 Non-Sphagnum mosses and Lichens Abundance and Distribution
- Figure 10.6-9 Polytrichum commune Abundance and Distribution
- Figure 10.6-10 Calluna vulgaris Abundance and Distribution
- Figure 10.6-11 Other Dwarf Shrubs Abundance and Distribution
- Figure 10.6-12 Eriophorum vaginatum Abundance and Distribution
- Figure 10.6-13 Molinia caerulea Abundance and Distribution
- Figure 10.6-14 Juncus spp. Abundance and Distribution
- Figure 10.6-15 Other Vascular Plants Abundance and Distribution
- Figure 10.6-16 Bare Ground and Conifer Needle Abundance and Distribution
- Figure 10.6-17 Drainage Presence and Distribution
- Annex 1 Definition of Blanket Mire

TA 10.7 Phase 2 Peat Depth and Coring Survey

- Annex 1 Peat Coring Data
- Annex 2 Von Post Scale of Humification
- Annex 3 Photographs of Core Samples

TA 11.1 Gazetteer of Heritage Assets in Inner Study Area

TA 12.1 WYG Abnormal Loads Route Assessment Report

TA 12.2 ATCs

TA 12.3 Road Traffic Collision Data

TA 12.4 Materials Calculator

TA 13.1 Environmental Noise Assessment

- Annex A General Approach to Noise Assessment & Glossary
- Annex B Turbine Coordinates and Terrain Corrections
- Annex C Noise Monitoring Information Sheets
- Annex D Wind Speeds and Directions
- Annex E Background Noise and Noise Limits
- Annex F Wind Speed Calculations
- Annex G Directional Analysis

TA 14.1 Socio-economic Data Sources

TA 14.2 Accommodation Businesses

TA 15.1 Carbon Calculator
